FOR PRESIDENT: WILLIAM McKINLEY, JR., OF OHIO.

### THE COLOR LINE.

Now comes the news that the Columbia Law School has refused to admit an intelligent and educated colored man to study patent law.

In the Patent Office there is a system of civil service that compels clerks to enter an examination every year, either for retention or promotion. This rule applies to patent clerks only.

Well, since there is but one law school that has a special class in patent laws, it is rather hard for a colored man to embrace these opportunities unless he is admitted to this school.

This class is taught by two republicans, and one of the teachers was at one time instructed by that young and distinguished colored divine, Rev. Creditt. The name of this white instructor is Rev. S. Whitman, who was taught Hebrew by Rev. Creditt.

What reason this gentleman has for not wanting to admit a colored gentleman no one knows but that divine.

not draw the color line.

It is supposed no doubt that Rev. Whitman believes in the bible and the theory, since God discriminated when he made humanity he would discriminate himself.

Now is wants.

Hon. B. K. Bruce is not unfriendly to Prof. Gregory and when the board of trustees of Howard University holds its meeting the enemies of Mr. Bruce will find out that he is more of a race man than those who pretend to be so much interested in Prof. Gregory.

. When Howard University is investigated it will no doubt cause Dr. Rankin to resign.

Dr. Rankin has no claim on ex Senator Bruce.

Congress will investigate Howard University.

SUFFRAGE IN THE DISTRICT

The people of this city number over 200,000 and they are not a lowed a voice in the affairs of this government save in an indirect manner. No other state, city, or country would tolerate this dis franchisement.

The people are now dissatisfied and it will not be long from present outlook before the right of suffrage is restored to the people,

The people, irrespective of party or color should call a large mass meeting in Convention Hall and select men of both parties to speak

Let there be a unanmious sentiment in this direction. The people the court have no toilets to accomdemand the right of suffrage and there is no reason why it should not be given. Dr. Reyburn, the chairman of the suffrage association is working hard.

We must throw away sentiment and work with a will and do what is necessary to bring this district out of the hands of the phillistines.

## HOWARD UNIVERSITY.

If there is not some action taken by the colored people, Howard University that was set apart for the colored youth, will be taken away from the race.

There is every desire on the part of the white officials of that institution to monopolize it by the white professors. Their next step will be to weed out the colored pupils and place white ones there. The recent action of the execu-

tive board to appoint two white teachers was only frustrated by the timely expose the BEE made. Not being able to appoint two additional white teachers, although the president said that he needed funds to pay off an indebtedness. This same committee a few days ago ap-A man who is a preacher should pointed a colored teacher.

Every colored trustee on the board of Howard's University to the interest of the negro.

No negro trustee should have it is detrimental to the interest of any negro. The people will watch the proceedings of the next board meeting in the Gregory case. They will want to know whether the personal animosity of a man should lead him the time for the colored trustees to act and those honorable white men who are on the board to look after the welfare of the colored youth, No explanation can be given that will convince the people why the meeting of the board of trustees was delayed until November.

Colored men act, and at once. The people will expect something to be done.

Of course there are times that you cannot talk about your circulation. Editor Cooper finds it very convenient at this time.

Dr. J. E. Rankin has got his foot in it.

The BEE has been of the opinion that Detective Proctor would be exonerated, and the onslaught that the entire press made upon him is the best evidence in the world that the Commissioners are satisfied that he was doing his duty. The Star and the BEE were the only papers that said Mr. Proctor was ustified.

The public schools were all opened Monday.

The police court should have accommodation for witnessess and other persons who are compelled to be at the court. Ladies, gentlemen, children and prisoners who are called to modate them. The Commissioners ought to take this in hand.

## EXCUSE FOR EUSTIS.

The editor of the Daily Post makes a poor excuse for Embassador Eustis. He attempts to call down the Cleveland Leader in a manner that does not become a journalist. The BEE is of the same opinion that the Leader is. Had Mr. Waller been a white man this matter with France would have been settled long ago. It would be better for Mr. Eustis to resign and allow some one more competent to take charge of the Waller case.

Embassador Eustis may be a high-toned Southern gentleman, and too high-toned to properly conduct the Waller case.
